

Indonesia's  
Leading Solar  
Energy Company

Company Profile

# SEDAYUSolar

## Our Milestones

# SEDAYUSolar

## Vision, Mission and Values

### **Vision**

To become Indonesia's Leading Integrated Solar Energy Company

### **Mission**

To accelerate the *Energy Access* and *Energy Transition Programs* by providing sustainable and affordable Solar Power systems

### **Values**

Quality, Integrity, Teamwork, Partnership, Efficient, Effective

# SEDAYUSolar

## Permit, Licenses and Certifications

**16+**  
years

**250+**  
projects

**100%**  
success rate

1.

# Why SEDAYUSolar?

Our Competitive Advantages

# SEDAYUSolar is Supported by the World's Leading Companies in Solar Power Industry

Jinko Solar

TrinaSolar

JASOLAR

LONGI

SERAPHIM  
SOLAR-SYSTEM

GOODWE

SUNGROW

HUAWEI

SMA

Deye

LAPP

HELUKABEL

JEMBOCABLE  
Together We Grow

SUPREME

STÄUBLI

PVSYST  
PHOTOVOLTAIC SOFTWARE

HelioScope

SOLAR  
PART OF SEAWARD

KIPP &  
ZONEN

IMT  
TECHNOLOGY

# SEDAYUSolar has a Proven Track Record

## 100% Success Rate for More Than 250 Projects

# SEDAYUSolar receives International Awards

## Awarded by International Institutions & Government

Supported by the United Nations, Energy Globe Award is one of the most prestigious Environment & Energy Awards  
SEDAYUSolar is the winner of Energy Globe National Award 2019

Asian Power Awards recognizes the innovative initiatives in The Power sector including the Renewable Energy sector  
SEDAYUSolar is the winner of Asian Power Awards 2017

Switzerland.

SEDAYUSolar also received numerous Awards for its contributions in the Renewable Energy development in Indonesia, including the Awards from the governments of Denmark, Switzerland and the Netherlands

Kingdom of the Netherlands

# SEDAYUSolar is Managed by Solar Professionals

## With Complete Skills and Extensive Experience

Strong Management Team from Executive, Sales, Finance and Operation backgrounds

Complete Engineering teams from Electrical, Civil and Mechanical backgrounds

Solid Supporting teams from Procurement, Logistic, Human Resource and Health and Safety Environment (HSE)

Reliable and Long-term Outsourcing Network including Manpower and Logistic Partners

# SEDAYUSolar Provides Complete and Integrated Solar Power Solutions

Survey, Design/Engineering, Procurement, Construction,  
Operation and Maintenance

Off-grid Solar Power Solution, On-grid Solar Power Solution  
Hybrid Solar Power Solution

Project Development  
Asset Management

Rooftop Solar Power Solution  
Ground-mounted Solar Power Solution  
Building Integrated Photo-Voltaics (BIPV) Solution

3.

## Free Solar Panel System

Zero Investment, Free Maintenance, Lower Tarrif

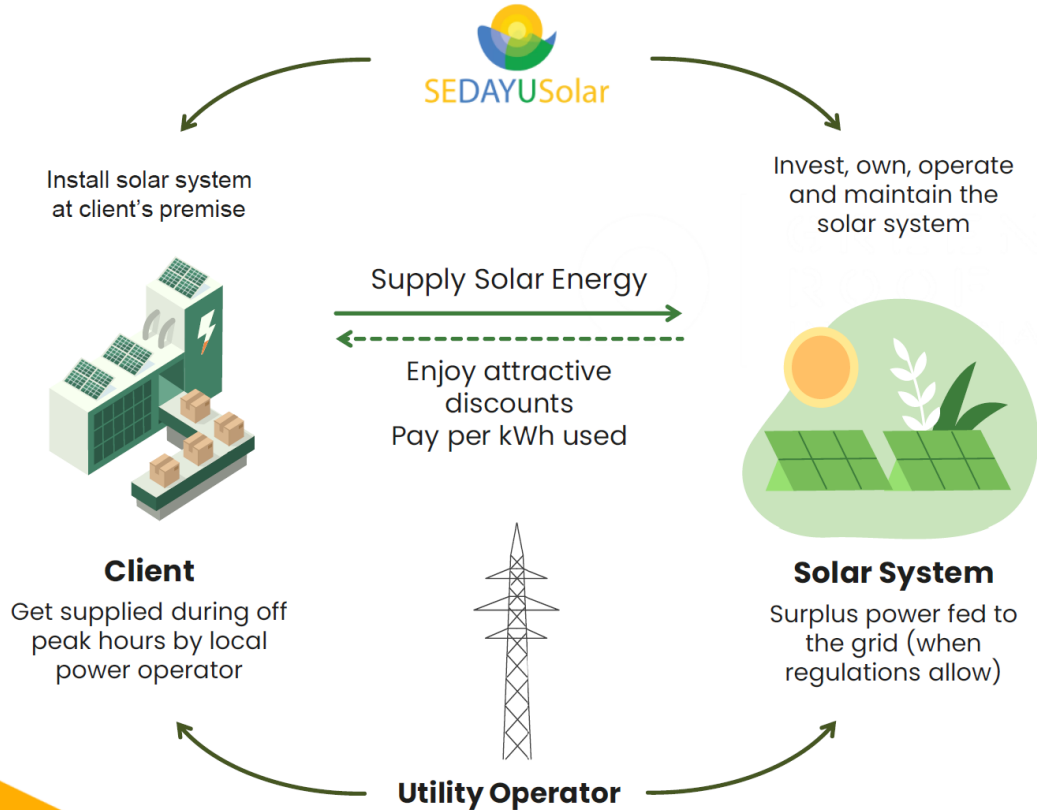

# trouble-free sustainability solutions

→ Financing

→ Construction

→ Operations

... best-in-class solar power systems

## WE FINANCE YOUR COMMITMENT to sustainable power

Our Flexible 15, 20 or 25-year Leasing Agreement support your long-term strategy

---

**SEDAYU** covers the cost of installation, maintenance and engagement with the grid and authorities

---

We guarantee energy output throughout the lifetime of the Lease Agreement

---

Attractive discounts enjoyed from pay-per-use power enable you to access energy as a service (EaaS)

---

## CLEANS, MAINTAINS AND OPERATES the system throughout the contract's lifetime

We maintain an efficient solar-power service through regular cleaning and full maintenance

---

Our local customer service team is responsive and keeps our clients well-informed

---

**SEDAYU** covers the cost of repairs, replacements or upgrades associated with our system

---

3.

## Project References

Some of SEDAYUSolar's latest Off-grid, Hybrid and On-grid Solar Projects

**On-grid  
4.5 MWp  
Dandar Mas  
Concern**

Developed by  
SEDAYUSolar  
in 2025

**On-grid  
3.1 MWp  
Excellence  
Qualities  
Yarn**

Developed by  
SEDAYUSolar  
in 2025

**On-grid**  
**1.8 MWp**  
**Dolpin**

Developed by  
SEDAYUSolar  
in 2025

**On-grid**  
**587 kWp**  
**Porto**

Developed by  
SEDAYUSolar  
in 2025

**On-grid  
425 KWp  
Central  
Market**

Developed by  
SEDAYUSolar  
in 2023

Off-grid  
400 kWp  
South East  
Sulawesi

SEDAYUSolar  
developed 7  
Microgrid in  
2024

# On-grid 5 MWp EP Tyres

One of Indonesia's  
Largest Rooftop  
Solar Projects

Developed by  
SEDAYUSolar  
in 2021

# On-grid 2.2 MWp Danone

Danone's Largest  
Rooftop Solar  
Project in Indonesia

Developed by  
SEDAYUSolar  
in 2020

**On-grid  
1.1 MWp  
Freyabadi  
Indotama**

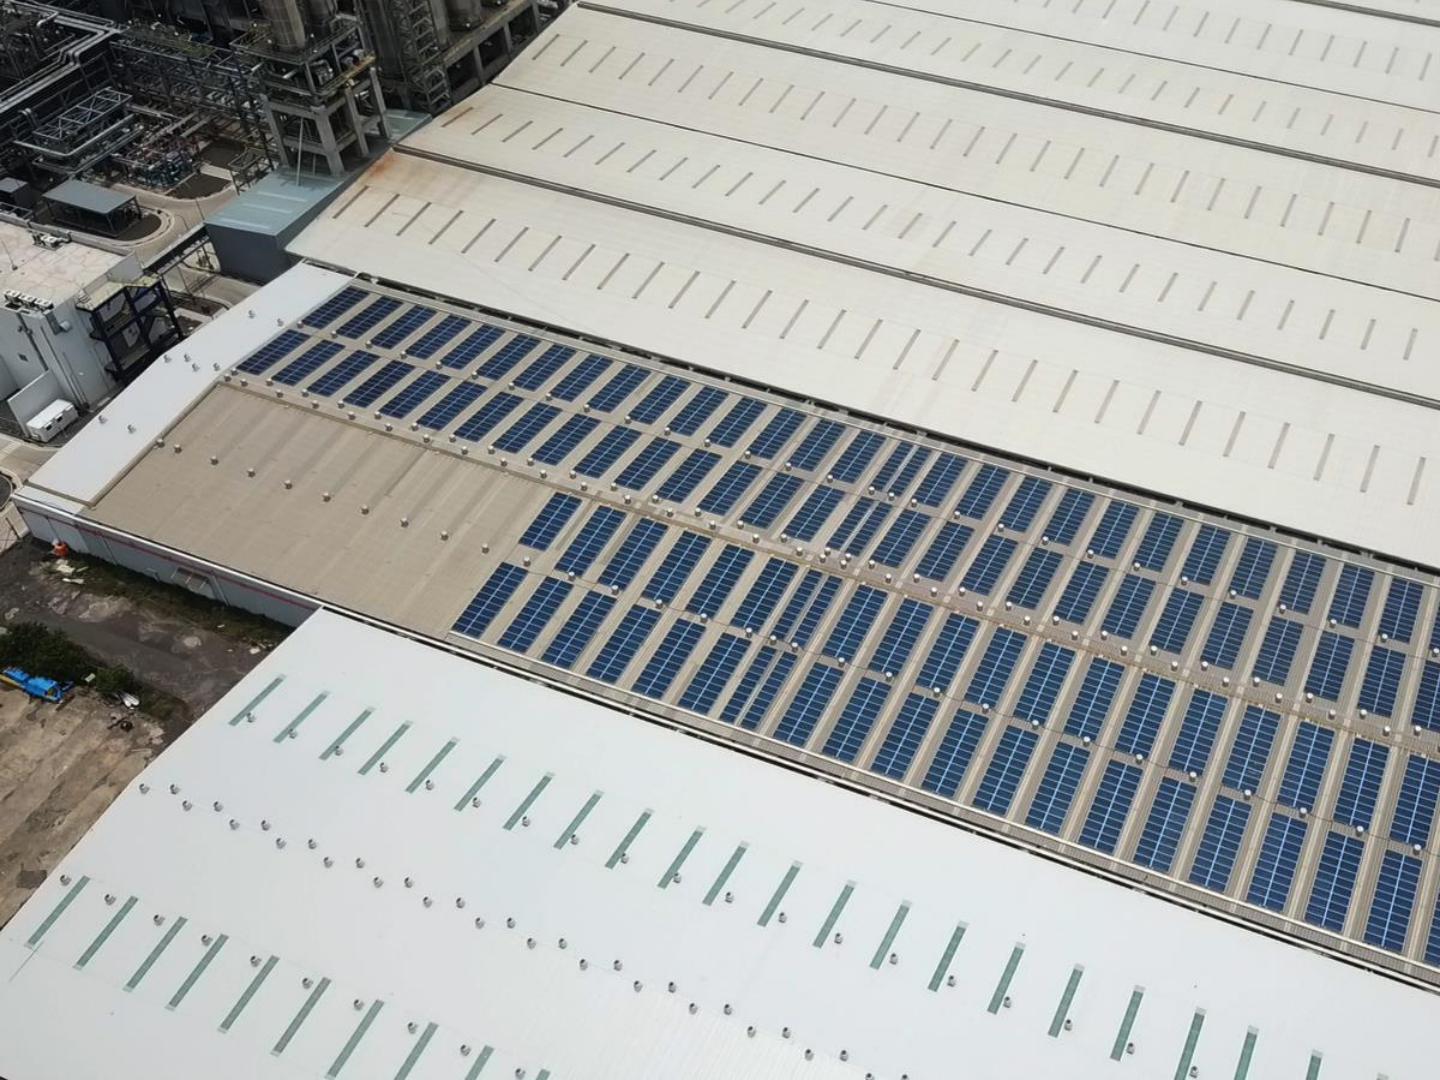

Developed by  
SEDAYUSolar  
in 2021

**On-grid**  
**1 MWp**  
**Paiton Energy**

The project consists  
of 4 (four) areas of  
rooftop &  
ground-mounted

Developed by  
SEDAYUSolar  
in 2019

**On-grid**  
**750 kWp**  
**Chandra Asri**  
**Petrochemical**

**Chandra Asri**

Developed by  
SEDAYUSolar  
in 2019

**On-grid  
800 kWp**

**ASSA**

**assa**

The project  
consists of  
5 (five) ASSA  
locations in  
Indonesia

Developed by  
SEDAYUSolar  
in 2019

**On-grid  
100 kWp  
Sumitomo  
Electric  
Wintec  
Indonesia  
(SEWI)**

Developed by  
SEDAYUSolar  
in 2021

**On-grid  
20 kWp  
Shell  
Indonesia**

SEDAYUSolar  
developed 9 (nine)  
Shell Petrol Stations  
in 2020

Jakarta, Indonesia

**On-grid**  
**50 kWp**  
**PLN Tahuna**

Developed by  
SEDAYUSolar  
in 2012

**On-grid  
90 kWp  
Bank  
Indonesia**

Developed by  
SEDAYUSolar  
in 2015

**On-grid  
30 kWp  
Jakarta  
Residential**

Commissioned  
by  
SEDAYUSolar  
in 2016

# Off-grid 100 kWp Raja Ampat

PLN

Commissioned  
by  
SEDAYUSolar  
in 2018

# Off-grid 10 kWp Daboto, Papua

Commissioned  
in 2016
